## Gyro fun; sport and fun

Gyro fun is a device that connects sports and entertainment. The player is located on the Gyro fun using him/her forearms & shins. This way, his/her face will be opposite the screen and user can direct the game by moving on two axes. The way the user is placed on the device is similar to the plank. The movements done during the game are useful for burning fat. Gyro fun is a very exciting device that engages the mind and body at the same time. The freedom of movement in two axes and the pleasure of playing virtual reality games, brings about the excitement of physical activity in the user. The level of the games in this device can be adjusted from beginner to advanced.
